

## **ALRA Disability Statement**

ALRA is committed to the education and support of all students whatever their individual circumstances. ALRA will:

- Remove barriers affecting students with disabilities to ensure that all students with identified disabilities are given appropriate guidance at application and help and support thereafter.
- Ensure that students are given advice on their disability assessment and help and support on diagnosis within available resources.
- Ensure that those providing disability services meet needs by both appropriate resourcing and staff development within available funding.
- Ensure that disability support is subject to periodic review and evaluation based on sector best practice (including the QAA Code of Practice and in collaboration with excellent providers.)
- Involve disabled students in the planning, monitoring and evaluation of services.
